The Michaelman

WINOOSKI PARK, VERMONT VOLUME 5 OCTOBER 20, 1951 NUMBER 4

SMOC Finds Snow At Mansfield

This year the mountain climbing Knights of S.M.C. Outing Club were joined in their annual safari by charming young damsels from Fanny Allen and Bishop DeGoesbriand Hospitals!

As usual the inevitable few got lost on the mountain and Rev. Vincent Maloney went to their rescue with one of the College cars long after the main party was well on its way back to Winooski Park.

In all there were fifty-five in the party which ventured into the bright sunshine in order to conquer Vermont's highest peak and incidentally one of the most scenic spots in the State. The climb began on the Underhill side of the mountain and ended at the picturesque "Octagon." At the top of the mountain the Michaelmen Daniel Boones in the party were delighted to find snow and lost no time in starting a rousing snowball fight.

The delicious lunch provided by the College Dining Hall included roast beef sandwiches, coffee, cider and fruit. After-dinner music was supplied by Chris Carey, a very accomplished young man with a guitar, whose renditions added a definite continental air to the successful outing.

Father Anthony Larkin looked as though he were being pursued by the Hound of Heaven by the way he fled up that mountain but his pace soon changed. Congratulations to "Connie" Hannigan, Moderator, and Joe Crowley, President of the Outing Club for organizing and carrying out this wonderful expedition.

Crusade Delegates To Join Workshop

At the annual Fall meeting of the NFCCS, held last weekend at St. Joseph's College, Hartford, Conn., plans were drawn up for a workshop to be held on November 10-11, at Our Lady of the Elms College, Chicopee, Mass.

Three Michaelmen attended the Conference and made an excellent showing for themselves and the school. They were: William T. Doyle a Junior from Worcester, Mass.; John Stuart, Senior from Burlington; and the chief delegate, John O'Connor, a Sophomore, from Springfield, Mass.

The Mission Crusade will take part in the forthcoming Workshop. Two student delegates will attend this conference along with one member of the S.S.E. At the recent meeting, it was found that many of the New England Colleges were interested in forming Mission Units on their Campuses.

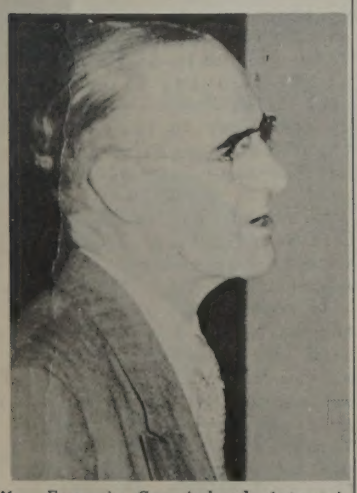
The Mission Crusade of St. Michael's will try to send members of its unit to these various New England Regional Colleges to get aid for our Society's Southern Missions.

Soc Club Takes Field Trip

The Sociology Club under the direction of Prof. Daniel MacDonald, journeyed to Brandon, Vt., last Tuesday to visit the state institution for the feeble-minded and heard a lecture by Dr. Julius Cohen, consulting psychiatrist for the state.

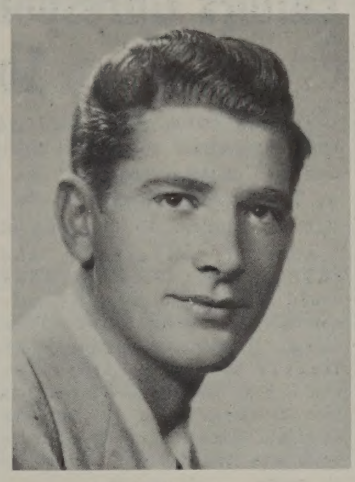
The club toured through the manual craft buildings, recreation buildings and schools.

Mr. Greenleaf, superintendent of Brandon and Week's School, brought out the need for entertainment by outside groups, as a therapy in contributing towards the emotional stability which will eventually lead to conditional release for many of the patients.

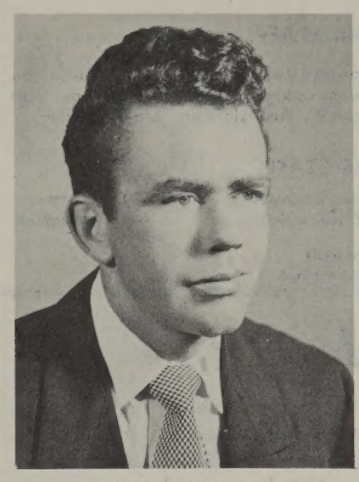


Mr. Francis Carmichael (above) CIO Regional director spoke to the students last Tuesday evening in Cheray Science Hall. His talk, concerning Industrial Relations, was summarized when he said, "No country, no unions." The speaker appeared under the auspices of the Labor Relations Club, John Roth, President.

Gala Senior Ball To Be Held Nov. 3



Cliff Doughty



Jerry Finn

Finn & Doughty Are Co-Chairmen

On the evening of November 3, at 8:30, the spotlight will shine on Austin Hall and the Senior Ball. This traditional dance for the seniors will be highlighted by the music of Billy Cofrances and his famous Arabian Knights.

Co-chairmen of this event, Jerry Finn and Cliff Doughty are making a whole-hearted attempt to make this year's Senior Ball the best ever.

Everyone knows how successful the Class of '52 has been in its social functions. Our spirit has been one of the highest in the history of the school. The Seniors of '52 will extend St. Michael's College an impression of great spirit, cooperation and interest in its class affairs by making this Senior Ball very impressive and one that will never be forgotten.

This year the Senior Ball Weekend will feature a football game at 1:30 on the S.M.C. athletic field. S.M.C. will be playing host to the Kings Point charges, and it should be a very promising game. The $5.00 dance ticket will also cover the football game.

The following men will be chairmen of the various committees:

Tickets.....Bill Senecal
Publicity.....Paul Ste. Marie
Decorations.....Joe Amato
Head Waiter.....Andy Shear
Reservations.....Lou Panakio
Concessions.....Bill Donahue
Invitations.....Bill Hindle
Programs.....Dick Gleason
Treasurer.....Jim Sciarino

Mission Sunday Observed With Mass & Installations

The Mission Club goes into full swing with special mission Sunday activities. A special Mass will be offered by Father John Paro for the missions, friends of the missions, the members of the club and all Michaelmen who share in its activities at 7:30 on Sunday.

Father Paro, a veteran of 14 years mission work, will also deliver the sermon at all the Masses. Father Paro was ordained in 1936, and a year later he went South to start his mission labors.

He was one of the founders of the Selma, Alabama, Mission of the Fathers of the Society of Saint Edmund. Because of his zeal and that of many other fathers, who are also at St. Michael's today, the missions have grown tremendously. Among other positions, Father was chaplain of the Good Samaritan Hospital, Carmelite Sisters of Mobile and pastor of two missions.

The installation of officers will be held at 1:00 in the chapel. Following the rosary, the club officers will be installed by the club moderator Father Maurice Boucher. The officers are as follows: President, Bill Doyle, Worcester, Mass.; Vice-President, Don Shea, Chicopee, Mass.; Secretary, Ed Smoot, Charleston, West Virginia; and Treasurer, Bernard Boucher, Highgate Center, Vt.

At 6:00 the officers and members will join in the College Chapel for benediction a fitting way to end the day.

A word to the wise from Father D'Agostino. Students who don't park their cars in their assigned parking lot will be fined $2.00 each time they "break the law."

Winners of Alumni Awards

Harty, '18; Lawrence, '21; Beauduy, '15; Garrett, '35, Honored

By JERRY MARTEL

Rev. Gerard E. Duford, S.S.E., Secretary of the alumni association, today has revealed the names of the winners of the Alumni Awards. These awards will be presented, by the Very Rev. Daniel P. Lyons, president of St. Michael's College, at the Award Dinner to be held during Homecoming Weekend in the Hotel Vermont, Saturday evening, October 27, at 7:00 p.m.

The four Alumni, chosen because of their continuous loyalty and support to our college over the past years, are: John P. "Pat" Harty '18; Dr. A. Byron Lawrence '21; Henry P. Beauduy '15; and Thomas A. Garrett '35.

"PAT" HARTY

If you have ever read the Outdoor Sports section of the *Boston Globe* you were reading John P. "Pat" Harty's column. He is its editor. Graduating from St. Michael's in the Class of '18, he proved his loyalty by founding the Boston Chapter of Alumni and today is the President of the Alumni Association, which merits the award "Ex post officio." Mr. Harty lives at 65 Mt. Auburn St., Cambridge, Mass.

DR. LAWRENCE

Dr. A. Byron Lawrence is known by most Michaelmen as our college physician. He is also a trustee of the college auditor of the Alumni Association. Dr. Lawrence graduated from St. Michael's with the Class of '21. He lives at 235 South Winooski Ave., Burlington, Vt.

MR. BEAUDUY

One of the founders of the large New York and New Jersey Chapter is Mr. Henry Hank Beauduy who graduated from the Class of '15 here at St. Michael's. He is a well-known accountant here in the east who has proven his loyalty to his alma mater by taking an active part in Alumni affairs over a long period of years. Mr. Beauduy resides at 76 Jones St., Englewood, New Jersey.

MR. GARRETT

A man familiar to all of us and certainly well deserving of this honor is, Thomas A. Garrett, Registrar of our college during these past busy years. Graduating in the Class of '35, he served as the hub behind the acclaimed production, "Life At St. Michael's," a motion picture made here on campus last year. Inventing the present system of registration, he has saved many a wasted hour during the process of registering for college. He resides here on campus at Prevel Hall and will be found during the day in the registrar's office.

Golden Anniversary Class Sparks Homecoming Dance

By JOHN DONAHUE

On October 27th at 8:30 p.m., the Class of '54 will present the "Foot" ball in Austin Hall. At a meeting Tuesday night the committees were appointed and preliminary arrangements were made for the Sophomore Class dance to be held Homecoming Week.

Students at St. Michael's will have a chance to earn $15.00 next weekend with the best "Welcome Alumni" display submitted for the Homecoming Weekend October 26,27 and 28.

In order to make this Homecoming the best yet, the Sodality is offering the award to any hall or floor which has the best banner, poster, or display.

The display theme will be "Welcome Alumni" with a subtheme of "Beat Springfield." St. Michael's press and movie photographers will be on hand to record the displays and the winning display for posterity.

There is no limitation as to the massiveness of the displays...from one inch to 5280 feet inclusive. The pictures will be shown at the following Sodality meeting.

All of you who attended the St. Patrick's Day dance will remember the wonderful job the Class of '54 did then. And we are sure that this year it will be even more of a success.

General Chairman of the ball Louis Siclari, who acted as chairman at the meeting, said that at the rate things are progressing the dance will be a huge success.

Members of the other committees are: Tickets - William Levins; Publicity - John Donahue; Refreshments - Joseph Antone and Edward Hettinger; Head waiter - John Carroll.

Of course this dance can only be a success if you get out and go. The tickets are on sale in all the dorms so let's see you all there. Show the Class of '54 we appreciate the work they are doing.

An Editorial

The recent report that Vermonters can be sterilized legally casts a new and glaring light on the peculiarities of the bill passed by that august and venerable, if somewhat ponderous group, the Vermont Legislature. The furor which greeted the news and the condemnation of the bill by Bishop Ryan must have led those legislators to believe they had offended the Catholics of Vermont.

They are mistaken. We are not offended; we are outraged. It is God whom they have offended by their blind and highly illogical reasoning.

We Americans are taught in our schools that the state exists for the individual. Its prime duty is to protect the natural rights of individuals and provide for the common good. By the common good it is understood that we mean the good of the whole group and each and every one in that group. It is a fallacy to suppose that the common good can be furthered by the violation of the natural rights of some perfectly innocent individuals.

There is a phrase in our constitution which reads: " All men are created equal." A little reflection will tell us that this phrase does not imply that all men are equal. However, it *does* mean this: that all men are created equal in the sublime equality of the destiny of their human souls and in the number and sacredness of their natural rights as human beings.

So basic is this right of procreation to the integrity of a human person that it is accorded a place by itself in any enumeration of basic natural rights and is implicit in almost all of the others.

It was undoubtedly necessary to ignore all these things when the bill was pushed through the legislature. It was necessary to dwell on the supposed material benefits which would accrue to the state as a result of it. No thought was given to the resulting physical, yes, and even spiritual poverty of the victimized individuals. Various statistics were proposed to demonstrate the value of this nostrum.

A very clever American named Mark Twain once said: " There are three kinds of lies: 'Lies, Damn Lies and Statistics.' "

The statistics swallowed by the legislature were of the type so strongly condemned by Samuel Clemens. They were biased, unscientific and misleading.

Even if, for the sake of argument, we were to accept them, they could never be used to justify an intrinsic evil. Every doctor who raises his scalpel to carry out the despicable law knows in his heart that his act is a perversion of the purpose of surgery.

As to the necessary signatures from the intended victims which the bill requires, one would indeed have to be weak-minded to suppose that a state dedicated to the policy of sterilizing the so-called unfit, could have difficulty in obtaining the signatures of individuals who can not possibly fully realize the implications of sterilization.

We repeat, the legislature has not offended us - they have offended God. They have outraged all right thinking citizens. This is not the end of the matter, it is not even the end of the beginning. We, the students of St. Michael's College, have each made our own personal verdict and we have found the legislature guilty of violating the moral law.

"EXTRA"

Father Duford has today announced that all seniors who are graduating this January and are interested in attending any of the events scheduled for the Alumni members during "Homecoming Week," should contact him at his office immediately.

The reason for this being that they are considered Alumni members as of this year by his office and are welcomed to attend the celebration as members.

With Apologies To David

The college professor is my shepherd and I am in dire want;
He preventeth me from lying down in the bed which I renteth;
He leadeth me to distraction with his exam questions;
He shaketh my resolution to get a college degree;
He leadeth me to make a fool of myself before my classmates.
Yea tho I burn my lamp until the landlady howleth, I fear much evil,
For he is against me.
His policies, his theories, and his ranting frighten my wits from me.
He anointeth my quiz paper with red pencil marks,
He assigneth me extra work in the presence of mine enemies;
And my zeros fill a whole column.
Surely, theories, exams, and themes will follow me allthe days of my college career,
And I will dwell in the bughouse forever.

-Oregon State Daily Barometer

Editors Unresponsive To Lonely Michaelman

The Editors of the MICHAELMAN received a request in the mail this week to publish a letter from a Michaelman who is having troubles as regards the heart and a girl at Trinity College. ... We are sorry, lonely Michaelman, but we cannot do this as our policy does not permit it.

After a conference, the Editors decided that they could not assist this Michaelman in obtaining a date from this " recent arrival at Trinity who plays tennis at the U.V.M. courts and frequents the Sombrero on Saturday nights," even if her date book was not filled for weeks to come.

The Editors came to the unofficial conclusion that this Trinity student who has a background full of tennis, Sombrero's, and awe-struck Michaelmen is indeed a paragon of virtue and as a perfection does not really exist...This is unofficial, of course...

But in the interests of all true, red-blooded Michaelmen high on this windy hill, we have sent a committee of one to investigate this and perhaps, after the committee submits its report, then action can be taken as far as publication of the letter is concerned.

Sincerely,
The Editors...

P.S. The committee of one has not been heard from since Monday --- Crumps!!!

FBI Has Openings For College Grads

Although the great majority of Michaelmen are ineligible to apply at the present time, it is interesting to know that the Federal Bureau of Investigation now has positions open for 500 special agents. In a recent bulletin, the F.B.I. announced the qualifications that any applicant must possess. Among these are:

All applicants must have earned a college degree. formerly an accredited course in law or accounting was necessary for qualification, but today the standard has been broadened to include all college graduates.

All applicants must be between the ages of twenty-five and forty-one. This is a strict qualification and was recently verified by an official of the Bureau who visited St. Michael's.

There are, of course, other rigid physical and mental requirements. Anyone seriously interested in work of this type can learn more about the subject from Rev. Paul Hebert in the Counseling and Placement Office in Old Hall 119. To apply for consideration the applicant must obtain forms from their local or regional F.B.I. offices. The regional offices in this district are located in Albany, Boston, Newark, New Haven and New York City.

A note to the more mercenary individuals - salary is around $5400 a year.

8 A.M. Reveille At Ryan Hall

Those who have posed the question " what are they doing at the side of Ryan Hall?" can rest now with the answer. They are not digging for oil, looking for water, seeking for gold, or getting a mass burial ready... They (those people who wake everyone at the unknown hour of eight (8) a.m., with noises like a boiler factory) are collecting loam for the beautification of the lawn around Ryan Hall.

The loam is obtained from the site for the next building which will be on the same idea as Ryan Hall... A beautiful four floor dorm WITH SOUND PROOF ROOMS.

Mr. John Buchan, Business Manager of the college assures us that the 20 year plan for the growing St. Michael's has not stopped but is just slowing down because of the war and the shortage of material essential for building.

Council Bats For Freshmen

By HARRY DANIELS

Monday evening Bob Sullivan brought before the Student Council a plea for help by certain helpless Freshmen. It seems that there is a rule over in Old Hall that all MEN (and they seem to use the term loosely) be out of the sack by 8:30 a.m. The problem stunned the Council members and they immediately passed a resolution that a committee of Bob Sullivan and Bill Hindle look into this fantastic ruling. The biggest laugh of the evening came when the Council was informed this rule was also for upperclassmen. It appears that the only plausable way the administration can make students attend Sunday Mass in the College Chapel is by making them rise in the wee hours of the morning.

Another policy of the administration was also brought forth namely, the Dean's policy concerning cars for underclassmen. The Dean has made it known that anyone being the average age of a Senior, or under severe hardship, may possess a car on campus.

Walt Rovinski was appointed to the Finance Committee and Bill Doyle was named chairman of the Students Activities Committee.

There is to be a dance sponsored by the Sophomore Class Saturday, October 27. As you know this is Homecoming Weekend and this is only one of many good times to be had.

France Is Stage For Catholic Renaissance

Christianity is by no means dead in France. That was the fact stressed by Abbe Andre Gerard Bidaux when he spoke in Science Hall Wednesday evening on the present condition of Catholic France.

Contrary to what it may seem on the surface, he said, France is the center of a Catholic renaissance which will return her to a state worthy of her early Christian martyrs.

Father Bidaux illustrated this fact in many ways. He warned, first of all, of the dangers in making generalizations formulated through the influence of a sometimes misinformed press. Naturally there are black spots, he said, especially among the working classes where the Church has lost much contact with the people and many no longer attend Church at all.

However, he added, this situation is being quickly remedied through Catholic Action groups like the Young Christian Workers, and missionary crusades, especially the Priest-Workers.

In beginning an explanation of these movements the Abbe quoted the words of Christ, " You will only be recognized as my disciples if you love each other." It is the duty of the laity to take part in this action, which is just another name for Charity, he said.

He noted that in the Young Christian Workers alone there were three hundred thousand members.

In more direct contact with the workers, Father Bidaux said, were the Priest-Workers of the Mission of Paris. He explained that these priests go right into the mines and factories to work with the men in order to bring them Christ and show them what Christianity really is.

Abbe Bidaux concluded his talk by citing a few examples to show that anti-clericalism had faded in France. From his experiences in German prison camps he showed that Communism as a controlling force is weakening. Religion he added, is even permeating French movies and radio.

Undefeated Knights Travel To Meet AIC

SMC Intramurals Going Strong

By JOHN LOUGHRAN

The Basketball Intramural League, under the direction of Father Stankiewicz, got rolling in high gear with nine games last week.

On Tuesday, the boys from the flats of Old Hall IV led by big Pfeifer with 12 points beat St. John's I by a 38-22 score. On the same day, Old Hall III crushed Old Hall II by 48-19. Evans led the winners with 12 points.

On Wednesday afternoon, Ryan Hall IV West beat Ryan Hall IV East by a 40-24 score. Migliaccio tallied 10 points for the winners. In a close contest, Ryan Hall III East squeezed out a 41-40 victory over Ryan Hall III West. Barrett and Coombs scored 10 points each for the winners and Clifford contributed 14 for the losing cause in a thrilling contest.

On Thursday afternoon, St. Leo's, led by "Rhondo" Brown with 8 points, beat the College Parkway Five by a 30-20 score. Ryan I South beat Ryan I North by a 24-16 score. Keefe led the winners with 8 points while Cronin was tallying 14 for the losers.

OFFICIALS NEEDED

In a thrilling game marked with two overtime periods, St. Pat's beat St. James' II by 30-28. Fran Hoben and Bill Scannell tallied 15 and 10 points respectively for the Irishmen while "Red Dog" Levins threw 10 points worth through the hoop for the losers.

Students are reminded that everyone is eligible to play who is not a member of the football squad or of last year's varsity basketball team. An individual is permitted to play only one sport so as to allow all students to participate in the intramurals. Teams guilty of using students in more than one sport will forfeit the game automatically.

Five Game Win Streak On Line In Springfield

Records of opposite extremities will be pitted against each other this afternoon in Springfield, Mass., when the undefeated Purple Knights come to blows with the winless Aces of American International!

For the Purple Knights, it is expected that George Maloney will be back in action after missing the Norwich game. No other lineup changes are planned by Jacobs.

Thus far A.I.C. is 0-3, having lost to Northeastern (27-20), Cortland St. (13-7) and Brandeis (25-7). The Brandeis game indicated them weak in reserves, for the judges scored no less than 25 points in the last quarter.

Needless to say, looks are deceiving in this case, because A.I.C. figures to be the biggest and toughest opponent met thus far.

Also on the line will be St. Michael's five-game winning streak which began with the one-sided conquest of Hofstra last October. Incidentally, A.I.C. is a part of the streak, having been beaten 19-14 a year ago.

Undoubtedly the biggest worry of Coach "Doc" Jacobs at the moment is how to stop Gayton Salvucci, the Aces' two-way whiz.

Last year the "Cyclone," as he is aptly named, ran and passed the locals dizzy, and with that full year of experience behind him the talented junior will be hard to stop.

Salvucci virtuously makes Coach Nick Rodis' single-wing attack by himself, but the little help he does need is also well handled. Quarterback Ray Morzack is a dangerous passer himself, despite the fact that he is designated to the blocking back position.

A pair of Sophomores complete the first backfield. Ted Sellarole, a 5 ft. 6 in., 155 pound scatback, and Ed Hughes at 188 in the fullback slot may prove troublesome although neither has been a standout in earlier games this year.

WATCH THAT PASS

In the line the Springfield eleven boasts surprising speed. Ray Lukasiewicz and Dick Murray, the ends, are fast and shifty and adept at snatching Salvucci's heaves. Lukasiewicz gained no less than 459 yards in 1950 by grabbing 30 passes, 8 for touchdowns.

John Papa (245) bolsters the defensive forward wall from his tackle slot. Right alongside are a pair of former Westfield High stars, Capt. Dave Teece and sturdy Vin Ciancotti, a Freshman, who handle the guard posts. Center Gene Mulcahy (190) and tackle Fred Scyocurka (185) will be the other starters.

BURLINGTON VERMONT

By BILL KEOGH

FROM 1 ... An asbestos letter was sent to Norwich this week from the University of Vermont with fiery words inscribed. U.V.M. didn't like the idea of the Cadets using three transfers in the Norwich 7-0 win over them last Saturday. Duke Benz' club is not a member of the National Collegiate Athletic Bureau and therefore is not bound by the ruling that states that transfers must have a year of residence at a school before they become eligible to play. On the other hand, along with Vermont, St. Michael's and Middlebury are members of NCAB and are not allowed to use transfers. The Cadets are at an advantage that way. Probably Benz figured he had nothing to lose by using them. He didn't. In fact the two linemen and the big back had quite a bit to do with the Cadets first State win since they beat S.M. 13-0 in 1947.

While we are on the subject of transfers, an ex-U.V.M. fullback beat Springfield College Saturday. Dom Rosa, who played against St. Michael's a few years ago scored the only touchdown for Connecticut over the Gymnasts. The Nutmeggers eked out a 7-0 win over S.M.'s future Homecoming opponent. Don Rushford, who viewed the contest, said Rosa was the only Connecticut back able to penetrate through the Springfield forward wall.

Fort Ethan Allen has given up the idea of fielding a grid team this year. The Mustangs were having troubles with service transfers and numerous injuries. The latter was the main reason for giving up the sport. The Fort's doctor advised it because lack of condition caused many injuries.

KNIGHT KNOTES: Out side of the starting four backs only Mike Carr has carried the ball offensively. In the same vein, only Ken Casperson has thrown the passes...How S.M.'s future opponents came out last week: Brandeis 25, A.I.C. 7; Connecticut 7, Springfield 0; Arnold 20, Bridgeport 13 (No comment yet from the "Purple Knights."); Kings Point 27, R.P.I. 13...Joe Dimag's retirement will be decided as many times as that of Joe Louis. This corner sees him back another year to give the Yanks their fourth pennant in a row. That 100 grand is too much to turn down...With the two Springfield squads providing the opposition in the coming two weeks, the Purple Knights will have to be on their horses to maintain the record of holding foes to less than seven points a game...Today, we'll go along with St. Michael's edging A.I.C. by one TD.
